

Name: Dr. Nitya Batra

Designation: Senior Resident

Qualification: MD, DNB MICROBIOLOGY

Contacts details:

Email id- nityabatra51@gmail.com

Research activity:

Thesis: Prevalence of carbapenem-resistant enterobacteriaceae in gut flora, before and after carbapenem therapy, in critically ill patients

Thesis Guide: Dr. Pallab Ray

Achievement

Award paper: Oral presentation on thesis paper “PREVALENCE OF CARBAPENEM-RESISTANT ENTEROBACTERIACEAE IN GUT FLORA, BEFORE AND AFTER CARBAPENEM THERAPY, IN CRITICALLY ILL PATIENTS “ at Clinical Infectious Disease Society Conference (CIDSCON) held from 21st to 24th August, New Delhi

Papers:

1. Diagnostic potential of multi-targeted LAMP (Loop-mediated isothermal amplification) for osteoarticular tuberculosis. J Orthop Res. 2016 May 13.
2. Clinical significance of viral diagnostics.SMU Medical Journal. Jan 2015; 2(1): 291-298.
3. Ebola virus vaccines.SMU Medical Journal. Jan 2015; 2(1): 330-334.
